

**"DO IT TO-DAY!"**

"And to think that ten months ago I looked like this! I owe it to German Syrup."

The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Rosche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

**Plenty of Room.**

A visiting Bishop, in Washington, was arguing with a Senator on the desirability of attending church. At last he put the question square: "What is your personal reason for not attending?"

The Senator smiled in a no-offense-intended way, as he replied: "The fact is, one finds so many hypocrites there."

Returning the smile, the Bishop said: "Don't let that keep you away, Senator. There's always room for one more."—The Saturday Evening Post.

**Itch—Ringworm.**

E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For 10 to 12 years I have been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1. Sold by St. Bernard Drug Store."

The determination of the president to enforce the Elkins statute, and the indictment by the federal courts of some of the offending railroad officials, have driven the railroads to cover. At a meeting of the officials of all the Western roads, recently held at Chicago, it was agreed thereafter to report every illegal act to the interstate commerce commission. The very railroads that had been denouncing informers proposed to turn informers themselves.

**The Yellow Fever Germ** has recently been discovered. It bears a close resemblance to the malaria germ. To free the system from disease germs, the most effective remedy is Dr. King's New Life Pills. Guaranteed to cure all diseases due to malarial poison and constipation. 25c at St. Bernard Drug Store.

The suggestion has been made that a triple alliance to insure the peace of the world should be formed by Great Britain, France and the United States. This should prove a most effective combination. It could bring into unison one-third of the population of the globe, with a fighting force of 4,700,000 men and 1,056 battleships. Japan would doubtless co-operate with the alliance, thus adding to its strength.

A man who once had rough, horny hands made them soft and smooth with Witch Hazel Salve, but he used the genuine—that bearing the name "E. C. DeWitt & Co., Chicago." For sores, boils, cuts, burns, bruises, etc., it has no equal, and affords almost immediate relief from blind, bleeding, itching and protruding piles. Sold by Jno. X. Taylor.

**An Explanation**

In regard to the dog tax. Quite a number of people paid their dog tax as late as June and July last year and are under the impression this paid their tax to the corresponding month in this year, but such is not the case. The dog tax paid last year was for 1905, whether paid in February or July, consequently the tax for 1906 is now due.

**Lincoln's Advice to Lawyers.**

"Discourage litigation," was his advice to lawyers. "Persuade your neighbors to compromise whenever you can. Point out to them how the nominal winner is often the real loser—in fees, expenses and waste of time. As a peacemaker the lawyer has a superior opportunity of becoming a good man. There will always be enough business. Never stir up litigation. A worse man can scarcely be found than one who does this. Who can be more nearly a fiend than he who habitually overhauls the register of deeds in search of defects in titles, whereon to stir up strife and put money in his pocket? A moral tone ought to be infused into the profession which should drive such men out of it."

It has been truly said that those words should be posted in every law office in the land, and it will be seen, when Lincoln's record is fully examined, that it was not a mere theorist who wrote them, but an active practitioner of wide experience who lived up to his own teaching.—From Frederick Trevor Hill's "Lincoln the Lawyer" in the February Century.

**Croup.**

Begin with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it), and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19, 1902: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant to take."

Sold by St. Bernard Drug Store.

The four American Mormon settlements situated in the State of Chihuahua are in a prosperous condition. An official report was recently made to the federal government by the chief official of these four colonies. The largest of these colonies is Colonia Dublan, which has a population of 980 persons, who own 37,000 acres of land. These colonists have established a large flour mill, and also operate a lumber mill, a tannery and an iron foundry. Most of their land is in a high state of cultivation. The colonists are also extensive fruit growers.

An interesting young lady from China bids fair soon to be one of the most observed figures in the social world at Washington. She is Miss Liang-Cheng, daughter of Sir Chentung Liang-Cheng, the present Chinese minister to the United States, who has become quite as popular in this country as was his predecessor, Mr. Wu Ting-Fang. Miss Liang-Cheng is to make her debut at the national capital this winter, and she will be the first high-born woman of her race to enter American society. Hitherto her life has been somewhat secluded.

**Men Past Sixty in Danger.**

More than half mankind over 60 years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger; as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years old."

**For Thin Babies**

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.

**Why we Need a Bigger President Than Washington or Lincoln.**

Mr. Ernest H. Crosby is a radical whose motives no one can doubt. Born a conservative and the heir to a large fortune, he had every selfish reason to be content with the existing order of things. But his heart was too big for him to remain long untroubled by the tragic conditions upon which his wealth was based, and since his conversion to revolutionary tendencies the social-reform camp has had no more faithful ally. Poems, sermons, pamphlets and lectures have issued from his energetic mind with steady purpose, and always in behalf of the proletariat. And still he feels that his work is all before him. As he says in a striking editorial in the February number of the Cosmopolitan Magazine:

"We still are in need of freedom, then, in a form adapted to present circumstances, and the need today is more searching and wide spread than it ever was before. The tasks of Washington and Lincoln were comparatively simple and easy. To cut off the connection with England was like amputating a separate limb. The ulcer of the slave power was localized, and three-quarters of the body politic at any rate was in a healthy condition, but now we have to do with a disease which has infected every drop of our blood and made its way into every tissue. We need a bigger president than Washington or Lincoln, for the opportunity is far greater than it was in their day."

**Health.**

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, '02: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used. 50c."

**TRAGEDY AT LOS ANGELES**

Mrs. C. A. Canfield, Wife of the Millionaire Oil Magnate, Killed By Former Coachman.

Los Angeles, Cal., Jan. 29.—Mrs. C. A. Canfield, wife of the millionaire oil magnate, C. A. Canfield, and a prominent society woman of Los Angeles, was shot and almost instantly killed while sitting on the front porch of her residence, by Morris Buck, a former family coachman, who is in custody.

According to neighbors who witnessed a portion of the tragedy, Buck first shot Mrs. Canfield in the breast, and when she fell back on the porch he leaned over and deliberately fired another shot into her abdomen. The first shot went directly through her heart. On Buck's person, in addition to the pistol, with which he had done the killing, were found a 38-caliber revolver, a long dirk knife, sharpened to a razor edge, and several loose cartridges. Buck is about 28 years old and little is known of him.

**A VOLCANIC DISTURBANCE**

Rock, Mud and Lava Hurlled High Into Air, and Huge Craters Are Formed.

Houston, Tex., Jan. 30.—At 1 a. m. Monday a volcanic disturbance occurred in the Humble oil fields which shook the earth for miles around. Two craters formed, 600 feet in diameter, and derricks and machinery were swallowed up.

Eruptions followed, and rock, mud and lava were hurled thousands of feet high, covering an extensive territory as it fell.

The eruptions were accompanied by sheets of fire, due to gas becoming ignited. It is alleged that strikers, by a system of well-pluggings, caused the disturbance.

**IN THE PUBLIC EYE AT WASHINGTON****EXCEPT FOR VENEZUELA AND MOROCCO THE WEEK PROMISED LITTLE NEWS**

The Chinese Boycott, the Statehood Bill, and the Isle of Pines Treaty in the Senate—The Hepburn Rate Bill Will Be a Feature in the House.

Except for possible developments on the Franco-Venezuelan crisis and possible, though unexpected, complications in the Moroccan conference, the week begun with little promise of news events of an unusual character.

**France and Venezuela.**

The critical point in the Franco-Venezuelan situation which seemed imminent has passed for the moment, as France has announced that she will await a "propitious time" for taking such action against Venezuela as she has decided upon. It is intimated that her desire is to await the conclusion of the Algeiras conference before involving herself with Venezuela.

**The Moroccan Conference.**

The Moroccan conference promises no definite action, as the graver problems it is to confront are yet some ways off. Though the alignment of the delegates is more marked than a week ago, there is still a feeling of uncertainty as to the outcome. It is generally believed that the longer the conference lasts the better will be the chances for its successful termination. The private discussions which the French and German delegates have had created an optimistic feeling among the other conferees.

**In Congress.**

The senate began the week with the consideration of the Chinese boycott. The question came up in connection with a resolution offered last week by Senator Tillman, directing the committee on immigration to investigate the reports concerning Chinese opposition to American manufactures. The resolution doubtless will lead to a considerable airing of the Chinese question.

Senator Gallinger will make an effort to secure further consideration of the shipping bill, and it is his purpose to press that measure upon the attention of the senate as insistently as the circumstances will permit.

**The Statehood Bill.**

The statehood bill was reported by Senator Beveridge from the committee on territories. The committee has given no instructions to him as to bringing the bill up in the senate, but he will press it as rapidly as he can without prejudice to other party measures. The friends of the bill expect very determined opposition, and a long contest is among the strong probabilities. The principal point of controversy is the union of New Mexico and Arizona, and a special effort will be made to secure the adoption of Senator Foraker's amendment giving the people of Arizona an opportunity to vote separately on the proposition.

**A Hopeless Effort.**

Senator Heyburn has given notice of a request for unanimous consent to fix a time for voting on the pure food bill, but he will not succeed. The indications are that there will be very little if any more discussion of the Moroccan question, but there will be additional speeches on the status of affairs in Santo Domingo.

The Isle of Pines treaty will be reported early in the week. Mr. Foraker will have charge of it and will try to secure an early vote on it.

**Hepburn Railroad Rate Bill.**

In the house, the Hepburn rate bill, endorsed alike by republicans and democrats of the interstate and foreign commerce committee, is to be the legislative feature of the week. The bill is to be brought in with absolutely no restrictions to debate or amendment.
